

Have your say on the plans for the new Stormont House School and Hackney Downs Park

The Council and its partners have secured funding under the national Building Schools for the Future (BSF) programme to rebuild Stormont House School and provide a better educational opportunity for up to 120 pupils.

An informal consultation will seek feedback on the proposal to build a new school north of the existing building and to create an open grassed space on the land vacated by the school which will then become common land.

As part of this process, the Council would like your views and comments. If you use the school, live locally or regularly visit Hackney Downs Park, please visit one of the community drop-in sessions below.

Community drop-in sessions:

When: Tuesday 18 January 2011 6:00 – 8:00 pm

Thursday 20 January 2011 6:00 – 8:00 pm

Where: Main Hall, Stormont House School, 83 Downs Park Road, E5 8NP
